What's New from International Convention 2019

I had the opportunity to be a part of the 25th Anniversary excitement at this years International Grand Convention. If you've never attended a convention, you should. The atmosphere, knowledge sharing, networking, 1st look at new products, hands on opportunities are just a few of the reasons I could give. This year I think the biggest excitement came from Young Living's announcement of a partnership with Nature's Ultra CBD. Nature's Ultra's commitment to Seed to Seal quality matches that of Young Livings making them the ideal partner to introduce Young Living to the CBD market.

To order CBD products you must create an account with Nature's Ultra, then link it to your Young Living account. Order's placed through Nature's Ultra will not count towards your PV at this time. The products offered by Nature's Ultra are blended with Young Living Essential Oils including, Boost, Calm, Soothe, and Zest.

Other products offered by Nature's Ultra are: Muscle Rub, Cinnamon, Citrus, and Cool Mint Infused CBD oils as well as a Pet CBD.

It is your responsibility to be knowledgeable on your state's laws regarding CBD purchasing and usage. Please do your research before purchasing or using. We, nor Young Living, are responsible for any issues that may arise.

Other exciting products unveiled at convention include: new oils, personal care items, Savvy Minerals products, supplements, Thieves products, and a new diffuser!
