Young Living's Charcoal Mask

It is made with naturally derived ingredients to support healthy skin without the synthetic shortcuts. Our Charcoal Mask uses Tahitian volcanic black sand to gently exfoliate for a softer, glowing skin, while the charcoal absorbs impurities to

detox the skin, purify pores, reduce the appearance of blemishes and restore the appearance of an even skin tone.

Benefits

Exfoliates, moisturizes, and detoxes skin for a smoother more radiant complexion.

With the peppermint E.O. this mask supports the appearance of softer, brighter and cleaner skin and has a tingling action you can feel.

It creates a tingling, tightening sensation to let you know the ingredients are hard at work delivering results you can see and feel. (Some may even experience temporary redness, which is normal).

Visibly and instantly clears the complexion and provides skin with a smoother texture.
