The road to success is simpler than ever*

There's never been a better time to share Young Living and invite others to do business with you. Starting March 1, we're making two big improvements to the Fast Start Bonus program that will help you and your newly enrolled Brand Partners to maximize your earnings and bring more wellness, purpose, and abundance into your lives.

Here's what's new: 1. **Bigger payouts.**

When you enroll a new Brand Partner or U.S. Customer who orders in **any** country (except for Japan and Malaysia), you'll earn a generous 50 percent bonus on all PV purchases they make during their enrollment month.

2. **Easier to earn.**

You'll no longer need to meet any PV requirements to receive the Fast Start Bonus for the first month.

Because we're doubling your potential earnings from 25 percent to 50 percent, there will not be a level-two bonus offered in month one in any country (except for Japan and Malaysia). Also, when you receive your 50 percent Fast Start Bonus, the PV used to calculate the bonus will be fully reduced to 0, which means no other commissions or bonuses will be paid on the enrollee's PV. This reduction does not impact your OGV.

What if your enrollee orders in Japan or Malaysia? In this case, the original rules will apply. Qualifying orders placed in Japan and Malaysia will continue to generate a 25 percent Fast Start Bonus to the first qualified Brand Partner Enroller and a 10 percent Fast Start Bonus to the second qualified Brand Partner Enroller for each of the three Fast Start Bonus calendar months.

**The Brand Partner sales earnings disclosed herein are potential gross earnings and not net of other business expenses and not necessarily representative of the actual income, if any, that a Brand Partner can or will earn through the Young Living Sales Compensation Plan. A Brand Partner's income and earnings will depend on their diligence, work effort, and market conditions. Young Living does not guarantee any earnings, income, or rank success. See the Income Disclosure Statement for detailed earnings information per rank.*
