Blend of the Month: Abundance™

Abundance™ essential oil blend features Orange, Frankincense, Patchouli, Clove, Ginger, Myrrh, Cinnamon Bark, and Black Spruce essential oils, which were used by ancient cultures to attract prosperity and magnify joy and peace.

At Young Living, we believe in the power of alignment—of heart, mind, and purpose. When those pieces come together, transformation happens. Our Blend of the Month series is designed to help you focus your intention, connect with community, and use essential oils as anchors in your daily practices. Our **Abundance™ essential oil blend** was formulated with this in mind. A unique combination of carefully selected oils, it serves as a sensory reminder to shift your focus from what you lack to the opportunities already around you.

A legacy of possibility

Gary and Mary Young used Abundance™ blend often as they built Young Living. In slow sales seasons, they applied it everywhere—on their wrists, in the office paint, even sprinkled on their keyboards. For them, Abundance™ was more than an oil blend; it was a symbol of possibility. But they also believed energy must be matched with action. Using the blend was always paired with hard work and a clear focus on growth.
